Year 7 Literacy & Numeracy Catch-up Premium

Summary information (2020-2021)	
Total Catch-up budget	£8,221

Summary information (2019-2020)	
Total Catch-up budget	£8,255

The literacy and numeracy catch-up premium gives state-funded schools, including special schools and alternative provision settings, additional funding to support Year 7 students who did not achieve the expected standard in reading or maths at the end of KS2.

We identify students who need extra support in literacy in numeracy at the start of Year 7 and provide tailored support including the following activities:

1. Additional small group and one-to-one English language and phonics intervention support delivered by highly experienced and specialist staff;
2. Additional small group maths support introduced for targeted students;
3. Literacy resources and early literacy intervention;
4. Additional one-to-one reading programmes.

We continually review the best means to improve the achievement of all our students with special regard to those who are identified as achieving less than the expected standard in reading or maths.
